To Whom It May Concern:

I am very pleased to offer this recommendation of the Destination Group, Rex Duval, President, as a production company and resource for your organization's special events.

The Destination Group offers years of expertise in the area of Gala Dinner production; including, venue management, the contracting of audio-visual services, catering, and the production of silent and live auctions. Most impressive to me was the experience that Rex possesses in the food industry, working with renowned chefs and partnering with those who are able to offer the highest quality of food at the most affordable prices—important to those of us in the not-for-profit world.

Rex was able to negotiate for and secure high end auction items such as museum quality art work, European excursions, and collectible sports memorabilia, which made for very desirable packages for our bidders. As a result we recently had the highest grossing auction in the history of our organization.

Please feel free to contact me at (212) 889-3370, if you have any questions regarding my experience with Rex Duval and the Destination Group.

Thank you very much.

Sincerely,

Steve Milbauer, PhD
Vice President, Development
American Lung Association of the City of New York
