Dear Rex,

I just hung up the phone with another guest from last week's Escada event who couldn't stop raving about the food! I have never gotten so many compliments on my choice of caterer from both staff and guests alike.

With that, I was compelled to say thank you again. From the moment that I received your proposal through the end of the party, you and your staff were a pleasure to work with. Being in a client services industry myself, I hold my vendors to some very high standards... all of which you met and exceeded. Your level of service and attention to detail were only topped by the exquisite taste and presentation of the food.

I also wanted to thank you for paying particular attention to the demands of hosting a party in such a high-end retail store. Escada's store manager was so pleased with how thoughtful you were of their space and with how clean everything was left.

So, thank you again and again...I look forward to working with you and the rest of your team again soon!

Warm regards,
