Dear Mr. Duval,

Marymount Manhattan College's President's Medal Dinner honoring Kitty Carlisle Hart on May 24th was definitely a success, thanks to the many generous friends who came together to support our students.

We want to personally thank you for the magnificent dinner which you catered for this event. Everyone thought it was delicious and the service was excellent. We are very grateful for all your efforts on our behalf.

The proceeds from this event will be applied toward the College's scholarship fund. Each year this fund enables Marymount Manhattan to supplement tuition costs for qualified students who could otherwise not afford to pursue their higher education in such an intimate and nurturing academic setting. Indeed, this scholarship assistance is probably the single most important factor that allows Marymount Manhattan to serve the economically and ethnically diverse students that turn to us for their education.

Therefore, your support of our President's Medal Dinner is not just a sign of support for Marymount Manhattan, it is also a wonderful way of helping our students reach their future dreams. Thank you.

Cordially,

Regina S. Peruggi
President

Mrs. Robert T. Butler
Gala Chairman
